What it means to be Active

- Chapters with an asterisk (*) are either not currently active with our community but are actively engaged in recruitment/intake activities to bring in new members to obtain active status or are beginning a new chapter and are still in an introductory phase.
- Our chapters represent the social Greek-letter organizations. Professional and/or co-ed chapters or honor societies that use Greek letters (such as Alpha Phi Omega, community service, or Phi Alpha Delta, pre-law) are recognized by SOLE or an academic department, not OFSL.
